

# HW 4

- **HW#4 Presentation of Core C++ Guidelines (Due 27/12/'18)**
- You'll make a 10-minute presentation in the class about one of the guideline titles that have significant impact on the way we program real-time systems.
- The list of titles are accessible on the moodle web site together with this presentation.
- Assignment of each title to students will be finished during the class on 6<sup>th</sup> Dec., 2018.
- Each guideline title shall be presented by at most two students. Please send me an e-mail to request a title that is available.
